tion from the Bay Corp. in the amount of \$54,273.00 and the Selectmen voted unanimously to pay the bill. Michalski reported that initial work had met with problems and had still not passed the tests given to see if they would hold water under pressure. The 1000 feet of force main installed had been given 4 tests. The first failed because of a broken pipe; the second because of a broken collar; the third because of improper fill and the fourth because of a reason yet to be determined. The area under test became too wet to test so they were suspended until the ground dried enough to resume. Michalski said that the work in the town had gone unevenly depending on the type of soil conditions encountered. He explained that a great deal of water had been encountered in the initial digging on Oakland Street and Mahoney's Lane. He noted that the installation on Pearl Street had gone very well with good gravel in that digging to minimize the problems.

Chief Tuttle was present to relate some incidents of street blockage and spilled rocks and gravel on town streets. He said that the overloaded trucks were not covered after they leave the site of the work. Tuttle said that state law required the covering of the trucks and that rocks present a hazard

He said that he would like to see someone on the job delegated to inform motorists when traffic was blocked from a route and would also like to avoid double parking of trucks blocking streets unnecessarily. Mr. Michalski said that the Bay Corp. has been cooperative with the ironing out of other problems and these would be brought to the attention of the foreman. He said the crews would have to close one street at a time to work efficiently but that, at night, a lane would be open to allow residents to reach their homes in their vehicles. The sewer

contract does not allow digging on Water Street in the stretch from Pearl Street to Shipyard Lane from June 1st until September 1st, and since the digging has just rounded the corner from Mahoney's Lane on to Water Street it does not seem likely that the wharf area will be cut off until the close of the summer season. It is planned to keep Barstow Street open for a direct route to the wharf during the summer to minimize the inconvenience to business, boat launching and tourist activity on the wharf.

ASK SEWER EXTENSION

A letter from Edwin Livingstone, Jr. requested a meeting with the Board of Selectmen to discuss a possible sewer tie-in with the force main on land between Mattapoissett Neck and Brandt Island Road. The Board noted that any such tie-in would require an additional pumping station and had access problems but they agreed to discuss the subject with Mr. Livingstone. They also will discuss policy to consider requests of this nature.

REVENUE SHARING FUNDS RECEIVED

Mattapoissett received \$30,506.00 for the second payment for Entitlement Period 9. Notification for the 10th Entitlement Period gives Mattapoissett estimated allocation as \$122,479.00.

A check for \$5,354 for the calendar quarter ending April 1, 1978 in anti-recessional funds was also received.

HUNTOON RESIGNS

James F. Huntoon's resignation from the Council on Aging was accepted by the Board of Selectmen. Huntoon asked to be considered for a seat on the Old Colony Technical High School Committee.

DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

Panama Canal

Editorial, D.C.J.

THE GREAT GIVE AWAY

There is an article in the April AMERICAN LEGION magazine entitled "The Soviet Line on Panama" by Prof. Albert Perry, Professor Emeritus of Russian civilization and language at Colgate University, which documents the many years of Communist effort to remove the United States' possession of that waterway. For decades the barrage of their propaganda has presented the United States as a colonial imperialistic power. No mention, of course, that every foot of the Panama Canal Zone was purchased at a fair price from the original owners of the land. No mention, of course, that the treaty guarantees our control of that zone in perpetuity. Instead the United States has been under attack in the Soviet press and by the Communist controlled government unions of Panama since mid 1940. According to this article the Soviet ships appeared in ever increasing numbers in the Carriibbean from January 1957 and the Communists did not like inspection

of their ships using this international waterway.

As the Senators who represent us in our Congress weakly waver on the edge of giving in to the terrorist demands by the Communists of Panama, President Jimmy Carter is apparently under the impression that he will win goodwill in Latin America by this surrender. Nothing will be further from the truth. The Communists, both Russian and Panamanian, will take full credit for driving the Yankee imperialists out of the zone and at the same time we will reap the rewards of contempt for our display of weak-kneed abdication of responsibility. No need to kid ourselves that we will be allowed by the Panamanians to come in and maintain this canal as an international waterway. The Panamanians who are in power are jointly winning this fabulous prize. Why should, in the future, there ever be a threat against the canal? The moment the United States gives it up we will have dropped it into Communists' hands like a ripe fruit (as has been forecast for years). As owners, the Communists will control the canal, make the regulations and the inspections. They will also never let the world forget who forced the Yankee imperialist out.

Children's Theatre

"HANSEL AND GRETEL" - APRIL 23rd

The Boston Children's Theatre touring company is bringing to our area their stage production of "Hansel and Gretel", based on the well-known and much loved fairy tale by the brothers Jacob and Wilhelm Grimm. It portrays the adventures of Hansel and Gretel, the broom-maker's children, with the Sand Man, the Dew Man, and the wicked Crunch Witch who lives in the gingerbread house.

The performance will take place on Sunday, April 23, at 2:00 P.M. in the Dartmouth High School auditorium. Tickets may be purchased at the door or in advance by calling 994-9332 or 992-6454.

The Boston Children's Theatre - "where children perform for children" - is now in its twenty-seventh season of providing good theatre for the Boston community. Eight years ago it added a touring company to its program to bring the excitement of live theatre to audiences outside the city. Their production of "Hansel and Gretel" is a charming one and should have wide appeal from nursery school through elementary age.

Sponsoring the program is the New Bedford Day Nursery at 1060 Cove Road in New Bedford, a United Way agency, now in its ninety-second year of providing day care service for pre-school children of working mothers.

MATTAPOISETT

Thanks to the efforts and dedication of the fifteen area chairwomen and the many neighborhood workers, in spite of bad weather and other difficulties, Mattapoisett has just completed its best Heart Fund campaign ever.

The preliminaries for the Residential Drive were handled by John Pagenkopf, George White and Charles Duponte. Bar Hearts, chairmaned by "Brad" Barrows and assisted by "Tom" Settupane, "Sassy" Branco and "Charley" Prefontaine was most successful. The business campaign was conducted by "Dave" Poulin and "Steve" Veilleux. The Heart Fund raffle was given a big boost by the efforts of Mr. and Mrs. John O'Leary and "Ed" Perry.

All the above and the many other volunteers who worked so diligently under difficult conditions are to be commended for their efforts and should experience a great feeling of

satisfaction for their accomplishments.

Most important, of course, in the success of this effort were the many contributions to the Heart Fund. It is this generosity, obviously, that finalized the efforts of the volunteers.
